

Science Seasonal Change

We will be looking at the seasons throughout the year, observing changes and identifying specific aspects of each one. Linked to our topic about weather we will look at the different types and how we measure the weather; rain gauges, wind socks, sundials...

English - Reading

Our text this term is called, "10 Things I can do for My World". It explores simple things that we can do to help the world we live in. We will look at different information texts including instructions. We will discuss different viewpoints, role play and perform some poetry. Other focus texts include Giraffes Can't Dance and The Smartest Giant in Town.

English Writing

We will be learning what the key features of a sentence are (capital letter use, spaces between words and punctuation) and use our phonic knowledge to sound out words. We will produce a conservation poster, perform & write some poetry and focus on writing/following instructions.

Geography

Identify seasonal and daily weather patterns in the UK.
How does the weather change during the year?
What seasonal patterns can we identify?
Is the weather different in the UK on the same day?

ICT

Safety online or when using devices.

PELICANS

Term 1 2022

UK & The Wider
World

RE

The focus for the Autumn term is Christianity. This term we will look at Creation.

Music

With Mrs Memmot

Body Percussion

Simple musical patterning.

Art

Our artist will be Kadinsky. We will use lines and primary colours to create an emotive piece of art. We will also explore autumnal colours, natural collages and Autumn leaves.

PSHE - Being Me

We will be looking at belonging, feeling special and safe in class, rights & responsibilities, feeling proud, rewards and consequences.

Maths

This term we will focus on place value to 10. This is then broken down into smaller steps which include sorting objects, counting objects, represent objects, recognise numbers as words, count on from any number, 1 more and less, counting forwards and backwards, comparing groups by matching, comparing numbers, ordering them and looking at a number line. We will also be using language like fewer, more, some, greater than, less than, equal to... In our challenge time we have to chance to explore other maths concepts like shape and measures, as well as reinforcing and extending our thinking about numbers.

PE

This term, Team theme are teaching multi-skills with a focus on basketball skills.
