

Science

In science this term we will be learning about animals.

We will be learning to recognise, identify and name a variety of common animals including fish, amphibians, reptiles, birds and mammals. We will be looking at grouping animals and will be able to identify common characteristics of each animal group. We will also be exploring the growth of plants throughout the next couple of terms.

English - Reading

Our text this term is called, "How to Find Gold". To compliment this, we will be reading other adventure stories. These should be inspiring and encourage the children to be imaginative. We will also be reading a variety of non-fiction texts and poetry throughout the term. We will continue to practise our phonics daily in our whole class sessions, as well as our daily reading sessions where each group will have a reading for pleasure session to further encourage a love of reading.

English - Writing

We will be writing a variety of different texts this term, including an explanation text, an acrostic poem and a book report.

We will be learning to use question marks and explanations as well as using the suffix -ed.

Geography

Maps

Find and name the countries in the United Kingdom. (Seas too.)

Explain the locations of the capital cities. (compass points)

Consider the similarities and differences between the countries in the UK. (link to weather patterns in T1)

Music

With Nick

This term we will be focussing on different pitches in music. We will look at different ways of creating high and low sounds and how they can be put together to make a tune.

PELICANS Term 3 2024 MAPS

RE

The focus for the Spring term is Judaism.

This will include tasting traditional food tasting with Miss Marsh.

PE

This term, Team theme are teaching dance.

Art

Texture and Drawing

We will be exploring the use of chalks through mark making and the process of creating tints and shades in order to produce a landscape drawing.

PSHE

Dreams and Goals

We will be looking how we set goals and the steps needed to achieve them as well as how to overcome challenges we may face along the way. We will learn to recognise and celebrate our successes.

Maths

This term we will develop our understanding of Place Value by extending our focus to numbers within 20. Following on from this we will focus on Addition and Subtraction within 20. This includes number bonds, fact families and working systematically.
