

Science

In Science we will be investigating all living things and their habitats.

- Identifying a variety of plants and animals and their habitats.
- Studying a simple food chain
- Investigating different types of habitats including micro habitats.

English - Reading

- We will read daily as a class and as individuals
- We will have guided reading sessions
- We will have phonics groups to help with reading and writing
- We will have a class book that we will explore together
- We will read a variety of texts such as leaflets, lists, posters, non-fiction and fiction to support our reading and writing skills.

English Writing

- We will practice our finger spaces and punctuation (including full stops and capital letters) when writing.
- We will write letters and design and write leaflets to link to our local area topic
- We will practice using adjectives and conjunctives correctly.

Geography

In Geography we will study the local area and investigate what it is like to live here. We will use a variety of activities to gain information on our area, such as, tally charts, maps, area walks and photographs.

History

This term we will be investigating the local area. We will explore the significant historical events and people that lived here in the past.

Year 2

Our Local Area

RE

We will be looking at Christianity. We will explore different parables such as The Good Samaritan and The Lost Sheep. We will retell and respond to stories with increasing accuracy.

We will be able to talk about personal experiences and ask questions.

DT

This term we will be looking at the local area for inspiration for DT. We will explore the local architecture and make models of the different buildings.

We will use a variety of materials and techniques.

Art

Henri Matisse and Pablo Picasso

Use a range of materials creatively to design and make products.

Use drawing, painting and sculpture to develop and share their ideas, experiences and imagination. Develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space. About the work of a range of artists, craft makers and designers, describing the differences & similarities between different practices and disciplines, and making links to their own work.

ICT

This term we will be studying E Safety.

Maths

In Maths we will be concentrating on place value, addition and subtraction to start off with. We will also learn about money and making things equal later on in the term.

We will also revise our counting skills and our number bonds.

Music

We will be exploring music with Mrs Memmott

PE

This term we will be practicing our Multi Skills and doing Basketball.
