

## Science

**LIGHT**- children will explore how light travels and how to manipulate it around corners. Children will also investigate how light travels into our eyes so we can see.

## English

**Book to support learning:** Corey's Rock

**Grammatical features:** Passive voice, semi-colons and parentheses

**First text-type focus:** Non-Chronological Report

Alongside this, we will be revising SPaG topics in afternoon sessions.

## Reading

**Texts to include:** The Raven by Edgar Allen Poe, Mermaid (Folklore)

**Focus:** Vocabulary, Retrieval, Summarising, Inference, Author's Intent.

## Year 6: Term 3

## Maps

## PE

Dance with team theme

**Geography**- Improve our knowledge and locations of the counties of England. Read and understand topographical maps.

**Computing** - To use spreadsheets to do complex calculations and sort data

## Maths

**Measurement:** Converting units of measure.

Ratio and Algebra.

There will also be fluency practises daily to keep all Maths areas covered so far fresh.

## ART

Learning about artists who create lino prints and creating some landscape lino prints of our own.

## Music

We will be exploring how music is used in films to create varied atmospheres.
