10th September 2021

Dear parent/carer

We're pleased to let you know that we're now using DoodleMaths with your child's class!

A little bit about DoodleMaths

Doodle builds confidence and ability in maths by creating every child a personalised work programme tailored to their strengths and weaknesses. Using Doodle for just 10 minutes a day is proven to help children make three months of progress in just one month! We will be using Doodle both in school but it will also be your child's weekly maths homework too.

How to get started

1. Watch the following video with your child/ren: <https://vimeo.com/398785961>
2. Download the **DoodleMaths** app onto an Apple, Android or Amazon device. You can also log in to the Doodle programmes through Doodle's website (doodlemaths.com) on laptops and desktops by clicking 'log in' and choosing the correct programme. Follow the instructions in the video above for more information on how to log in
3. Use the **username** and **password** provided to your child to log in to Doodle. You can use the same login details to access **DoodleTables**

Celebration

We will be celebrating success every week at Phoenix. The class with the highest percentage of Doodle engagement will earn rewards. We will also be giving certificates to children who manage to stay in their 'green zone' too. The 'green zone' is an indicator of effort level not academic achievement and we would love to see all children maintaining this each week by completing 10 minutes a day. At the end of each term there will also be a celebration of children who have managed the longest streak throughout the term - by this we mean the number of consecutive days they have engaged with Doodle maths in a row.

Many thanks for your support with our new and exciting Doodle adventure!

Mrs Godfrey
